

Singer brings Android TV with premium features

A Monitor Report

Date: 01 November, 2021

SINGER[®]

TRUSTED FOR GENERATIONS

Dhaka : Singer Bangladesh, country's one of the leading electronics and home appliances retailers, has incorporated premium features and innovative technology in their Google Android Smart TV.

Featuring a user-friendly interface, the device brings together families to watch their favourite movies and TV shows together.

Moreover, the TV comes with Wi-Fi connectivity facilities, allowing users to view Netflix and other network-based media content on a larger screen.

Now, consumers can watch TV in all seasons without any hassle, thanks to the Thunder Protector. Apart from that, the television is equipped with a Pure Sound speaker and a built-in Chrome cast.
